### PLAY OPAL FRUITS AT BETFAIR CASINO

From provider Scientific Gaming, this 3x6 slot effortlessly combines the otherwise clashing themes of fruit and space. Opal Slots is a great performing game that emphasises graphical fidelity, without bogging the experience down with complicated play. You don't have to have a sweet tooth to enjoy this one, but it could help.

To begin a round of Opal Fruits, the player simply needs to select their bet from the stake buttons on the right side of the screen, then hit spin.

### OPAL FRUITS SYMBOLS

Playing the part of the low-paying symbols in Opal Fruits are the most delicious looking cards we've ever seen, within the ace to ten range. Higher paying symbols then include the pear, plum, watermelon, and grapes.

The wild symbol in

Opal Fruits appears as a clearly labelled Wild icon in front of a rainbow orb. This can appear in regular or 3x multiplier forms.

Scatters can appear as gold symbols with the letters R, E or F.

### BONUSES AND FREE SPINS

Opal Fruits offers a permanently active avalanche feature, where all symbols that participate in matches are removed from the reels and replaced by additional symbols dropping in from above.

If the player collects

four or more scatters on any spin, they're granted ten free spins in the Free Spins bonus game. In this game, the player begins with a 3x multiplier that increases by one for each avalanche. It's in this game that the maximum 36,660x payout can be won.

### OTHER

### SUGGESTED GAMES

If it was the opal that caught your eye, then maybe Gems Gone Wild could be more up your alley.
